

## *Protecting Your Assets Today; Protecting Our Environment Tomorrow... Kidde Engineered Fire Suppression System*

Designed for use with 3M™ Novec™ 1230 Fire Protection Fluid

Kidde Fire Systems is constantly striving to make our product offering as comprehensive as possible to ensure that we will have the right system available for your application.

With that in mind, Kidde Fire Systems, together with 3M™, have designed an engineered-system that is both environmentally responsible and ideal for special applications.

Novec 1230 fluid features:

- *Zero Ozone Depleting Potential*
- *Global Warming Potential (GWP) of just one*
- *Atmospheric Lifetime of just five days*
- *People-Safe; can be used in occupied spaces*
- *UL Listed, FM Approved, USCG Approved*

*Whatever the special application,  
Kidde Fire Systems protects your assets from fire.*

***Kidde—The Right Answer.***
